CHARGES

These fees and charges are used to pay the costs of running the Sub-Fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges taken before or after the investment	
Entry fee	3.80 %
Exit fee	0.00 %

Maximum percentage that can be withdrawn from your capital before it will be invested or before the return is distributed.

	Ongoing charges Charges taken from the Sub-Fund over a year	Performance fee Charges taken from the Sub-Fund under certain specific conditions
Class R	2.30 %	20.00 %, yearly calculated, of the difference - if positive - between the NAV increase and the increase of the theoretical NAV in case the performance is equal to that of the index "J.P. Morgan Euro Cash 3 months". Should said difference be negative, the reference period is extended for a further year and the comparison is made on the performance of two years. If the difference is still negative, the reference period for the next calculation is in any case the previous calendar year.
Class T	1.85 %	

The **entry** and **exit fees** shown in the chart are maximum figures. In some cases you might pay less. You can find this out from your financial adviser or from the distributors. For the switch of units, you may choose alternatively two systems of fees: the tariff "by transaction" and the tariff "fixed" (applied on a quarterly basis on the capital invested). The **ongoing charges** figure is based on expenses for the year ending on 31/12/2016. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit fee paid by the Sub-Fund when buying or selling units in another fund.

For more information about charges and fees, including the information of the calculation criteria of the performance fees, please see section "Charges" of the Fund's Prospectus, available on the website www.fideuramassetmanagement.ie.
